Additionally, this Policy describes your rights and choices concerning your information.

Please note that the scope of this Policy is limited to information and data collected or received by InQuisiTiVe Media Limited through your use of the Services. InQuisiTiVe Media Limited is not responsible for the actions of individuals with no relationship to InQuisiTiVe Media Limited or third-party companies, the content of their sites, the use of information or data you provide to them, or any products or services they may offer. Any link to those sites does not constitute our sponsorship of, or affiliation with, those individuals or companies.

If you do not want InQuisiTiVe Media Limited to collect, store, use, or share your information in the ways described in this Policy, you should not use our Services.

## 2. Information and Data We Collect from You and How We Collect It

When you use our Services, you may give us your contact information directly on our website or in application, generally your name and email address.

Registration Information:

We may also offer you the option to complete a user profile that is visible to other InQuisiTiVe Media Limited users (“Account”). If you create an Account, you may provide us your name, a username, e-mail address, a password and other information that helps us confirm that it is you accessing your Account. If you sign into the Services with Facebook Connect we will collect information that is visible via your Facebook account such as: (1) your first and last name, (2) Facebook ID, (3) Profile Picture/URL, and (4) list of Facebook friends. Your Account may be used to publicly identify you as part of social features of the Services, which may include user-to-user interaction, chat or messaging functionality, public leaderboards, head-to-head competition, and other similar features. The InQuisiTiVe Media Limited username will be public and will be shown to other users, but will only permit access to information that is considered public or that you have designated as public in your user profile settings.

We may also offer you the ability to import your contacts or manually enter e-mail addresses so that you can locate your contacts on InQuisiTiVe Media Limited and

invite your contacts to join you in the Services. We will store those contacts for purposes of helping you and your contacts make connections through our Services.

#### Payment Information:

When you order any good or service through the Services, including any virtual currency or virtual good, our payment processing service provider will collect your name, phone number, e-mail address, mailing address, billing address, and complete credit card information that enables them to receive your payment. Our payment processing service provider may also retain this information to enable you to purchase additional items through our Services without having to re-enter it each time. Please note that purchases from third parties may also be subject to additional policies

#### Information Collected by Customer Support:

When you ask for assistance from our Customer Support team, we will collect and store the contact information you provide (generally your name and e-mail address), information about your gameplay or activity on the Services, and your user-name or ID number. We will also store the correspondence and any information contained within.

#### Technical and Usage Information:

When you access our Services, we may collect (i) certain technical information about your mobile device or computer system, including IP Address, mobile device ID (IDFA, Google Advertising ID or other identifiers), and the version of your operating system; and (ii) usage statistics about your interactions with the Services. In certain Services we will create and assign to your device an identifier that is similar to an account number. We may collect the name you have associated with your device, device type, telephone number, country, and any other information you choose to provide, such as username, character name, or e-mail address. We may also access your contacts to enable you to invite friends to join you in the Services. This information is typically collected through the use of third-party mobile device software development kits. We may occasionally send you push notifications through our Services to send you game updates, high scores and other service-related notifications that may be of importance to you. You may at any time opt-out from receiving these types of communications by turning them off at the device level through your settings.
